
What is GrandAM?

Grand Area Mentoring is a community-based, academic mentoring program. As part of the Grand County School District, GrandAM serves youth from Kindergarten through 8th grade.

GrandAM pairs responsible adult mentors with students referred to the program. Mentors are thoroughly screened and then carefully trained to support students academically and as a friend.

GrandAM is a mentoring program that's all about community. We strive to bring adults and students together in relationships of trust and growth. Building community is great for Moab and the realization of each student's unique potential.

What Parents Do

Grand Area Mentoring invites parents and guardians to become involved in the program by being mentors themselves, submitting an interest form for their son or daughter, or helping us coordinate after school activities.

The real voyage of discovery consists not in seeking new lands, but in seeing with new eyes.

- Marcel Proust, French novelist

Benefits of Mentoring

Programs all over the country have proven that mentoring a student can help them succeed in our schools, society, and world. Mentors help our youth achieve their goals, stay in school, avoid unsafe activities, and become productive members of the community.

According to a research study*, young people who are mentored are:

42% less likely to begin using illegal drugs

27% less likely to begin drinking alcohol

52% less likely to skip school

33% less likely to hit someone
