

Utah Business Week
August 1 - 7, 2010 Eccles Conference Center
Utah State University Campus
Logan , Utah

Utah Business Week is a week-long experience that not only introduces students to business, but engages them in a real hands on business competition all while enabling them to mingle with successful business professionals and other high school students.

If you are undecided about what you want to do after high school, UBW will help you explore the many different avenues business has to offer. UBW also offers scholarship opportunities to program participants. UBW encourages high school juniors and seniors to come and make new friends from all over the state of Utah, compete as a company, listen to speakers from varying industries, and be treated to entertainment, dances, and more! www.utahbusinessweek.org **Application Deadline: May 31**
