

## Summer Programs at Westminster College

Westminster College is pleased to offer another smashing summer of youth academic programs. You were contacted because we'd like to find exceptional students who would benefit from these life changing programs listed below:

### **Camp Great Salt Lake (July 10-16, 2011):**

Great Salt Lake Institute invites you to spend a few days as a scientist examining this extreme environment. Get wet and get salt in this inland sea exploration. Camp Great Salt Lake is open to 15 rising high school juniors or seniors, and five high school teachers. Sponsored in part by a grant from Utah's WIRED (Workforce Innovation in Regional Economic Development) Program.
