Online Education Options

In compliance with State Board of Education Administrative Rule (R277-726), the following link to the Utah Office of Education website will give you information regarding taking classes online: <http://www.schools.utah.gov/edonline/>

Please note that this program will allow students to take up to 5 credits online externally, during the 2016-17 school year. Numerous foreign language courses, AP, STEM and a range of other courses are available the Statewide Online Education Program. This is an effective means of meeting your student's needs where:

- it is relatively costly to supply coursework accessed by few students, in your institution
- it is difficult to obtain teaching staff
- students face scheduling conflicts

Each course is taught by a licensed teacher, and assessment results are assigned to the Provider LEA. Courses are available to all students engaging in secondary coursework. Please meet with our school counselor if you are interested.

Sincerely,
